

Request for Home Improvement Approval

Shadows Community Homeowners Association

Architectural Control Committee (ACC)

In an effort to provide and protect each individual homeowner's rights and property values, it is required that any homeowner considering external/outdoor improvement to their deeded property **MUST** submit a **Request for Home Improvement Approval** form prior to initiating planned improvements. If any change is made that has not been approved, the SCHA has the legal right to require the homeowner to remove the improvement from the property. SCHA architectural restrictions can be obtained from visiting www.shadowshoa.com.

Form Submissions: Please return completed form and accompanying documentation (at least 30 days prior to the start date) to the below address or email. The ACC will review and recommend approval/denial to the SCHA Board for a final decision. An ACC member may contact the homeowner after receiving the request if further information is needed.

NOTE: The city or parish may require building permits or inspections for various residential projects. These requirements are the sole responsibility of the homeowner if the project moves forward. Approval by the SCHA Board does not supplant any city/parish permitting, approvals, or inspections required for construction projects.

Homeowners should inquire with city/parish government about such residential permitting requirements. Call 225 389-3226 or visit their website for more information ([Residential | Baton Rouge, LA \(brla.gov\)](http://Residential | Baton Rouge, LA (brla.gov))).
